

PARENT TO-DO LIST

Download the Seesaw App

The Seesaw App is compatible on iOS and Android along with Kindle fires. You can also access via the internet. Chrome and Firefox work best with the app.

Your child will come home with a QR code to gain access to their learning journal once you have downloaded the app to your device.

This will allow you to see in real-time what your child is learning in their classroom-how exciting!

Create your parent account!

You will need to select I'm a Family Member. From there you will be prompted to join your child's learning journal with the QR code provided to you.

Do you have more than one child and want to see multiple journals? No problem. Add additional journals through the one account.

1. Tap your profile icon in the top left corner.
2. Tap Add Child's Journal
3. Scan your next child's QR Code.
4. Repeat for multiple journals.

Welcome to Seesaw

Seesaw is a digital learning platform that will be used in Grades Foundation- 6 throughout our school. In the coming days teachers will start to upload your child's learning.

Seesaw allows students to show their learning in a personalised way, using digital technologies with 21st century skills. Teachers can see students thinking, provide instant feedback and track developmental learning. Families can connect to their child's learning on a more regular basis.

Students will be able to document work, complete activities and communicate with their teacher, to up level their learning all in Seesaw. Compass will continue to be our parent/teacher communication platform, queries and concerns will be communicated through Compass.

Please be mindful that some teachers are still learning in this space. Patience and communication would be appreciated.

We are looking forward to building a stronger connection from the classroom to home. Seesaw will be a student-centred communication tool.
